

Build Your Perfect Work Environment

Grade: 10th, 11th, and 12th

Time Frame: Anytime

Activity:

1. Have a class discussion about work environments. Talk about the different things that factor into a work environment, such as noise level, number of people, indoor/outdoor, lighting (such as windows or fluorescent light), size, furniture, etc.
2. Have each student create his or her perfect work environment through his or her choice of medium. It could be done through a drawing or a sculpture or through an essay or poetry. Be sure they include all the things you discussed.
